# Provider Directory

## Section 1 – Introduction

This directory provides a list of Priority Health Medicare’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage (EOC).

*If you are enrolled in one of our HMO or HMO-POS plans, you will have to choose one of our network providers listed in this directory to be your **P**rietary **C**are **P**rovider (PCP). Generally, you must get your health care services from your PCP. The term “PCP” will be used throughout this directory.*

*If you are enrolled in one of our PPO plans, you are not required to select a PCP. However, you may choose a Primary Care Provider (PCP) to be your partner in helping you stay healthy.*

Appointment wait time standards for primary care and behavioral services are dependent on the appointment type or the nature of your visit. If you are unsure of the urgency of your matter, please reach out to your provider.

- Urgently needed services or emergencies are to be seen immediately.
- Services that are not an emergency or urgently needed but require medical attention must be seen within 7 business days.
- Routine and preventative care must be seen within 30 business days.

The network providers listed in this directory have agreed to provide you with your health care, vision, dental and hearing services. You may go to any of our network providers listed in this directory. Other providers are available in our network. Referrals are not required; however, some services may require prior authorization. Covered services that need prior authorization are listed in Chapter 4 of your Evidence of Coverage (EOC).

As a Priority Health Medicare member, you can choose to receive care from in-network or out-of-network providers, as long as the services are medically necessary and covered by your plan. However, if you use an out-of-network provider, your costs may be higher. If you receive care from a provider who is not eligible to participate in Medicare, you will be responsible for the full cost of services you receive. Plans with the out-of-state travel benefit can receive care through any Medicare-participating provider outside of Michigan and anywhere in the United States for the same cost as if you were in-network. Please refer to Chapter 3 of your Evidence of Coverage (EOC) for complete details.

Out-of-network providers are under no obligation to treat Priority Health Medicare enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to call Customer Service and ask for a pre-service organization determination before you receive the service. You may also refer to your Evidence of Coverage (EOC) for more information, including the cost sharing that applies to out-of-network services.

In cases where out-of-network providers submit a bill directly to you, please do not pay the bill directly. Instead, please submit it to Priority Health Medicare for processing and determination of your liability, if any. Please refer to Chapter 7 of your Evidence of Coverage (EOC) for complete details.

*If you are enrolled in one of our HMO plans you must use network providers except for ambulance services, emergency, or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor Priority Health Medicare will be responsible for the costs.*

*If you are enrolled in one of our HMO-POS or PPO plans you may get covered emergency medical care whenever you need it, anywhere in the United States and worldwide. Our plan covers ambulance services in situations where getting to the emergency room in any other way could endanger your health. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.*

# Pharmacy Directory

**This Pharmacy Directory was updated on October, 2024.**

Our network has changed more than usual for 2024. An updated Pharmacy Directory is located on our website at [priorityhealth.com/ppd](http://priorityhealth.com/ppd). You may also call Customer Service at 888.389.6648 (TTY users should call 711), seven days a week from 8 a.m. to 8 p.m. **We strongly suggest that you review our current Pharmacy Directory to see if your pharmacy is still in our network.**

## Introduction

This booklet provides a list of Priority Health Medicare's network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage (EOC) and Priority Health Medicare's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to plan members. In most cases, your prescriptions are covered under Priority Health Medicare only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any of our other network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was published. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of **October, 2024**. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be less at pharmacies in this list that offer preferred cost-sharing. We have marked these pharmacies with "**p**" to distinguish them from other pharmacies in our network that offer standard cost sharing.

You can get prescription drugs shipped to your home through our network mail order delivery program. For more information, please contact us or see the mail order section of this pharmacy directory.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact Priority Health Medicare.

**p:** Indicates that this pharmacy participates in the Priority Health Medicare preferred pharmacy network available on specific plans (refer to your Evidence of Coverage document), and that members can recognize preferred pharmacy pricing at these locations. Your copayment or coinsurance will apply.

**v:** Indicates that this pharmacy participates in the Priority Health Medicare Part D vaccine network. If you get your Part D vaccination from one of the pharmacies in our vaccine network, then the pharmacy can bill us directly. You don't need to fill out a member reimbursement form. Your copayment or coinsurance will apply.

**e:** Indicates that this Priority Health Medicare network pharmacy supports electronic prescribing.

The pharmacies are listed in this directory by pharmacy type (retail, chain, and national) alphabetically by location (city & state) and pharmacy name.

## MAIL ORDER PHARMACY

---

### Mail Order Pharmacy

Express Scripts Home Delivery  
888.378.2589

You can get prescription drugs shipped to your home through our network mail order delivery program "Express Scripts Home Delivery".

If you have used mail-order services with your current plan before, or if you opt-in now, our mail order pharmacy will automatically fill, and ship new prescriptions received directly from your doctors or other prescribers. You may opt-out of automatic deliveries of new prescriptions at any time by contacting Express Scripts by phone or email. Call 888.378.2589 or go to [express-scripts.com](http://express-scripts.com) and create an online account to send a secure email. If you never had mail order delivery and/or decide to stop automatic fills of new prescriptions, we will contact you each time we get a new prescription from a provider, to see if you want the medication filled and shipped at that time. This will give you an opportunity to make sure the correct drug (including strength, amount, and form) will be delivered, and, if necessary, allow you to cancel or delay the order before you are billed, and it is shipped.

For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please contact us 14 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact Express Scripts by phone or email. Call 888.378.2589 or go to [express-scripts.com](http://express-scripts.com) and create an online account to send a secure email.

Typically, you should expect to receive your prescription within 14 days from the time the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact Customer Service toll-free at 888.389.6648 (TTY users should use 711), seven days a week from 8 a.m. to 8 p.m.
