

Your guide to Medicaid

See all that your Priority Health Choice® Medicaid plan offers.

Prescription drug coverage

View the Approved Drug List at priorityhealth.com/medicine to find out if your prescription is covered under your plan.

\$0 Preventive Care

Preventive care like yearly doctor visits, flu shots and some lab tests are included in your plan at no cost. Use the "Find a Doctor" tool at priorityhealth.com/doctor to search for available doctors near you.

Dental and vision coverage

Your plan includes dental and vision coverage. Learn more about dental coverage through Delta Dental at priorityhealth.com/dentist. For information about vision coverage through EyeMed, visit priorityhealth.com/eye.

Access to a Care Manager

Your plan includes care management services. A care manager will help you manage health conditions, find in-network doctors, and coordinate care. Learn more at priorityhealth.com/care.

Transportation assistance

Trips for medical appointments and pharmacy visits are covered. Schedule a ride by calling **888.975.8102** at least three days before your visit. If you have a ride but need to be covered for the cost, you can submit a mileage reimbursement form in your member account. Learn more at priorityhealth.com/ride.

Mental health support

Our behavioral health team can provide over-the-phone mental health assistance. They can also help you find out what your plan will cover and how to find counselors or other behavioral health care providers. Their phone number is **800.673.8043**.

Maternity and infant care

Expecting a baby? We offer several free maternity and infant care programs to support you throughout this exciting journey. Learn more at priorityhealth.com/medicaid-maternity.

Stay up to date on Medicaid news and get tips to live your healthiest life with our Health Journal newsletter. Read the latest issue at priorityhealth.com/medicaid-hj.

**Have a question?
We're here to help.**
Call Priority Health Customer Service at **888.975.8102** (TTY should dial 711) for questions about your health plan. You can also scan the QR code below to learn more.
