Note: CMS requires agents be certified for every applicable plan year for which they are selling or making active changes. Commissions will not be earned or paid for a policy that is sold or had active changes made if you are not properly certified for the applicable plan year. Commissions are based on the medical premium and ancillary premiums only, not taxes and fees. Quoted rates reflect the total member cost: premium plus taxes and fees, which are generally 5-6% of the premium cost.
