B. Background Information about PriorityMedicare Dual Premier's Network Providers

B1. Key terms

Care Teams and care plans are essential components of delivering coordinated, person-centered care. A care team is a multidisciplinary group of healthcare professionals-including primary care providers, specialists, nurses, social workers and others who collaborate to support the unique needs of each member.

- *The team develops a comprehensive care plan that outlines the member's goals, treatment strategies, medications, follow-up schedules, and any needed community or support services.*
- *This plan is reviewed on a regular basis and updates to reflect changes in the members' conditions or preferences, ensure continuity of care and improved health outcomes.*
- *Providers play a key role in both contributing and executing the care plan, fostering communication and accountability across the team.*

This section explains key terms in our Directory.

- **Providers** are professionals such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, supplies, drugs, equipment, and other services.
    - The term **providers** includes facilities such as hospitals, clinics, and other places that provide medical services and medical equipment.
    - Providers that are a part of our plan's network are called **network providers**.
- **Network providers** have contracted with us to deliver services to members of our plan. Network providers participate in our plan. That means they accept members of our plan and provide services our plan covers. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a Provider who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.

- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
    - Oncologists care for patients with cancer.
    - Cardiologists care for patients with heart conditions.
    - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- Referrals are not required; however, some services may require prior authorization. Covered services that need prior authorization are listed in Chapter 4 of your Evidence of Coverage (EOC). A **prior authorization** is different than a referral. It means that **Priority**Medicare Dual Premier (not your network PCP) must give you approval **before** we'll cover a specific service, item, or drug or an out-of-network provider. If you don't get prior authorization, **Priority**Medicare Dual Premier may not cover the service, item, or drug.
    - Referrals or prior authorization **aren't** needed for:
        - emergency care;
        - urgently needed care;
        - kidney dialysis services that you get at a Medicare-certified dialysis facility when you're outside the plan's service area; or
        - services from a women's health specialist.
    - Additionally, if you're eligible to get services from Indian health providers, you may use these providers without a referral. We must pay the Indian health provider for those services even if they're out of our plan's network.
    - More information on referrals and prior authorization is available in **Chapter 3** of the *Member Handbook/EOC.*
- You'll also be assigned a *care manager. The care manager will discuss with you who you would like to include on your care team*. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure that you get all of the tests, labs, and other care that you need, and the results are shared with the appropriate providers. It also means that your PCP should know all the medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers. Members of your care team may include:
    - A **Care Manager** that helps you manage your medical providers and services.
    - Your **Primary Care Provider**.

- Health Care Specialists
- Friends and family who are supportive of you.

Your Care Team will also help you find other providers of medical, behavioral health, or Long-term Services and Supports (LTSS) if you need a specialist or other health care provider. That way, you'll get the right provider to help you with your concerns.

B2. Wait times for primary care and behavioral health

- We must provide you with access to primary care and behavioral health services within the following timeframes: immediately for urgently needed services or an emergency;
- within 7 days for services that aren't an emergency or urgently needed, but you require medical attention; or
- within 30 days for routine and preventative care.

B3. How to choose a Primary Care Provider (PCP)

First, you will need to choose a Primary Care Provider (PCP). You can choose any PCP in our network who is accepting new members.

- If there's a particular specialist or hospital that you want to use, it's important to find out if they're in-network. You can look in this Directory or ask **Priority**Medicare Dual Premier Customer Care to confirm if the Provider is in-network.
- Out-of-network services may not be covered by **Priority**Medicare Dual Premier.
- To choose a PCP, refer to the list of providers in **Section C**, use our online *Find a Doctor* tool at *priorityhealth.com/findadoc.* You should choose a provider:
  - that you use now, **or**
  - who has been recommended by someone you trust, **or**
  - whose offices are easy for you to get to.
- If you don't choose a PCP in our network, **Priority**Medicare Dual Premier will choose one for you.

- If you want help in choosing a PCP, please call Customer Care at the number listed at the bottom of this page. The call is free. Or visit *priorityhealth.com/ppd*.
- If you have questions about whether any service or care that you want or need is covered, talk to your Care Team or call Customer Care at the number listed at the bottom of this page and ask **before** you get the service or care.

B4. Long-term Services and Supports (LTSS) providers

As a **Priority**Medicare Dual Premier member, you'll be able to get Long-term Services and Supports (LTSS) if you need them, such as:

PERS- an electronic device to call for help in an Emergency.

Nonmedical Transportation- Transportation to non-medical appointments and activities.

Respite- temporary relief for caregivers.

Assistive Technology- items to increase or maintain function and promote independence.

Chore Services- household assistance.

Personal Care Services- hands on daily support with bathing, dressing, grooming.

These supports help people who need assistance to do everyday tasks like taking a bath, getting dressed, making food, and taking medicine. Most of these services are provided at your home or in your community but could be provided in a nursing home or hospital.

If you need LTSS your Care Manager can help you and your Care Team determine what options are available to support you in the way you want.

B5. How to access PriorityMedicare Dual Premier's network providers

You must get all of your covered services from providers within our network. If you use providers who aren't in **Priority**Medicare Dual Premier's network **(without prior authorization), you may have to pay the bill.**

A **prior authorization** is an approval from **Priority**Medicare Dual Premier to seek services outside of our network or to get services not routinely covered by our network **before** you get the services.

The only exceptions to this rule are when you need urgent or emergency care or dialysis and can't get to a provider in the plan, such as when you're away from home. You can also go outside the plan for other non-emergency services if **Priority**Medicare Dual Premier gives you permission first.

- You may change providers within the network at any time during the year. If you've been using one network provider, you don't have to keep using that same provider. You may submit a PCP change form or call Customer Care at the bottom of this page to change your Primary Care Provider
- **Priority**Medicare Dual Premier works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need a provider and aren't sure if they offer the accommodations you need, **Priority**Medicare Dual Premier can help you. Talk to your care team for assistance.

C. PriorityMedicare Dual Premier's List of Network Providers

This part of the Directory includes a list of **Priority**Medicare Dual Premier's network providers who participate in and accept **Priority**Medicare Dual Premier. It contains:

- **Health care professionals** including primary care providers, specialists, vision service providers, behavioral health providers, or other healthcare providers.
- **Facilities** including hospitals, nursing facilities, and behavioral health facilities; and
- **Support providers** including Long-term Services and Supports (LTSS) (for example, adult day health) and community support services (for example, peer support)

> **Cultural competence training** is additional instruction for our health care providers that helps them better understand your background, values, and beliefs to adapt services to meet your social, cultural, and language needs.

Providers are listed in alphabetical order by their last name. You can also find the provider's additional contact information by county in the **Priority**Medicare Dual Premier List of Network Providers. In addition to contact information, provider listings also include specialties and skills, such as languages spoken.

Hospitals, Skilled Nursing Facilities, Urgent Care Facilities, Ancillary Services, Chiropractors, and Vision Care Providers can also be found by county in the **Priority**Medicare Dual Premier List of Network Providers.
