

Schedule of Copayments and Deductibles

MyPrioritySM Standard Bronze

50% HOSPITAL SERVICES PLAN

Your Agreement provides you with important information about your health care benefits, including Prior Authorization requirements. This Schedule of Copayments and Deductibles provides you with information about your costs when you receive health care services and the maximum limitations of your health care benefits. Read the entire Agreement, Schedule of Copayments and Deductibles and any plan Riders carefully.

In accordance with the terms and conditions of the Agreement, you are entitled to Covered Services when these services are:

- A. Medically/Clinically Necessary (as defined in the Agreement and according to Medical and Behavioral Health policies established by Priority Health with the input of Physicians not employed by Priority Health or according to criteria developed by reputable external sources and adopted by Priority Health); and
- B. Provided by your PCP or provided by a Participating Provider and with authorization in advance by us when we consider authorization necessary (except in a Medical Emergency) or provided by a Non-Participating Provider (one not listed in our Provider Directory) upon referral from your PCP and authorized in advance by us (except in a Medical Emergency); or
- C. Provided by a Retail Health Clinic located within the United States; or
- D. Provided outside of the Service Area, but within the United States, to a Covered Dependent child who resides outside the Service Area (Reasonable and Customary limitations apply); and
- E. Not excluded in the Agreement or in a Rider or an amendment to the Agreement.

See Section 6 of your Agreement for Covered and Non-Covered Services, including the summary of Covered preventive health care services. Priority Health's complete Preventive Health Care Guidelines are available in our Member Center on our website at priorityhealth.com, or you may request a copy from our Customer Service Department.

PRIOR AUTHORIZATION

Prior Authorization is required before you may obtain certain services. If you seek services that require Prior Authorization, without receiving Prior Authorization from us, you will be responsible for the full cost of those services. You will also be responsible for the full cost of services that are beyond those authorized, beyond the benefit maximums or excluded from Coverage.

The complete and detailed list of services that require Prior Authorization is available by calling our Customer Service Department or on our website at priorityhealth.com. This list may change throughout the Contract Year as new technology and standards of care emerge.

Emergency admissions must be reported to us as soon as reasonably possible after admission.

DEDUCTIBLE AND OUT-OF-POCKET LIMITS**A. Deductibles:**

The Deductible is the amount you must pay for Covered Services during the Contract Year before benefits will be paid. The Deductible is applicable to all Covered Services except:

- Preventive health care services listed in Priority Health's Preventive Health Care Guidelines that are designated to maintain an individual in optimum health and to prevent unnecessary injury, illness or disability; and
- PCP and Specialist visits, Limited Virtual Care services, Retail Health Clinics visits, Urgent Care Center visits; Rehabilitation and Habilitations services; and
- Pediatric vision services; and
- Prescription Generic Drugs provided at a retail Pharmacy.

See Section 6.A.1 of your Agreement for the summary of Covered preventive health care services.

Deductibles	
Individual Contract	\$ 7,500.00
Family Contract	\$15,000.00 (but not to exceed \$7,500.00 per person)

The following out-of-pocket Member costs do *not* apply towards the Deductibles:

- any monies you paid for failure to obtain Prior Authorization when necessary; and
- any monies you paid for Non-Covered Services; and
- any monies you paid for Covered Services that exceed the annual day or visit benefit maximum for a specific benefit and therefore, denied as Non-Covered Services.

Deductible amounts you pay are included in your Out-of-Pocket Limit.

The Deductible renews each Contract Year. Deductible amounts do not carry over into a new Contract Year.

B. Out-of-Pocket Limits:

The Out-of-Pocket Limit applies to certain services. The Out-of-Pocket Limit caps the total amount of Covered benefit expenses that you or your Covered Dependents will pay during a Contract Year, except as described below. Once the Out-of-Pocket Limit is met, all further medical Covered Services for that Contract Year will be paid at 100% of Priority Health's contracted rate.

Out-of-Pocket Limits	
Individual Contract	\$10,000.00
Family Contract	\$20,000.00 (but not to exceed \$10,000.00 per person)

Amounts you pay for any of the following will *not* apply toward the Out-of-Pocket Limits.

- any monies you paid for failure to obtain Prior Authorization when necessary; and
- any monies you paid for Non-Covered Services; and
- any monies you paid for Covered Services that exceed the annual day or visit benefit maximum for a specific benefit and therefore, denied as Non-Covered Services.

Note: Deductibles, Copayments and Coinsurance you pay for any non-essential health benefit Covered Services obtained under a supplemental benefit Rider may not be applied toward the above Out-of-Pocket Limit.

MEDICAL PHARMACY SERVICES

In general, Covered drugs are treated as medical benefits when administered in an inpatient or emergency setting, or when the drug requires injection or infusion by a Health Professional. Exceptions to this rule are outlined in our medical policies.

The Deductible applies to these pharmacy services provided as a Covered medical service.

Services	Benefits
Drugs Requiring Administration by a Health Professional (injectable and infusible drugs requiring administration by a Health Professional in a medical office, home or outpatient facility) Prior Authorization or step therapy may be required before drug will be Covered. Specialty Drug - Drugs listed on the Approved Drug List meeting certain criteria, such as: • drugs or drug classes whose cost on a per- month or per-dose basis exceeds the threshold established by the Centers for Medicare and Medicaid Services; or • drugs that require special handling or administration; or • drugs that have limited distribution; or • drugs in selected therapeutic categories. Specialty Pharmacy - A Pharmacy that specializes in the handling, distribution, and patient management of Specialty Drugs.	• 50% Coverage for a Preferred Specialty Drug • 50% Coverage for a Non-Preferred Specialty Drug • Prior Authorization required • Priority Health may require selected Specialty Drugs be obtained by your provider through a Specialty Pharmacy • Deductible applies

PRESCRIPTION DRUG BENEFITS - RETAIL PHARMACY

The Deductible applies to Covered retail pharmacy services as detailed below.

Retail Pharmacy Services. Prescription drugs obtained at a retail Participating Pharmacy dispensed in a 31-day supply per prescription or refill). In general, Covered retail pharmacy drugs are treated as outpatient prescription drug benefits when they can be self-administered regardless of the setting. Exceptions to this rule are outlined in our medical policies.

Specialty Drugs may be dispensed in a 15-day supply per prescription or refill.

Prior Authorization or step therapy may be required.

Prescription drugs for the treatment of a chronic condition (for example, high blood pressure) can be refilled for up to a maximum of one year from the last visit with your PCP or prescribing Specialist.

Note:

- If you elect to receive a Brand Name Drug when the prescription allows a Generic Drug substitution, you may be responsible for the difference in cost between the Generic Drug and the Brand Name Drug. Any monies you paid for the difference in cost between a Generic Drug and the Brand Name Drug because you elected to receive a Brand Name Drug when the prescription allows a Generic Drug substitution are Non-Covered Services.
- If you elect to receive a Non-Preferred Drug when the prescription allows a Preferred Drug substitution, you may be responsible for any difference in cost between the Non-Preferred Drug and the base price for that class of drugs. Please visit <https://www.priorityhealth.com/prog/pharmacy/pharmacy.cgi> for more information on drug prices and your benefit. Any monies you paid for the difference in cost between a Preferred Drug and the Non-Preferred Drug, because you elected to receive a Non-Preferred Drug when the prescription allows a Preferred Drug substitution, are Non-Covered Services.
- Pharmacy Services listed in the Preventive Health Care Guidelines, including women's contraceptive services, are covered in full under Preventive Health Care Services.

For more information, see **Outpatient Prescription Drugs** benefit description in Section 6 of your Agreement.

Approved Drug List. A list of Covered drugs that identifies tier placement and any utilization management (such as Prior Authorization, step therapy, and quantity limits) that are required. Tier placement determines what you pay for the drug, outlined below:

Tier 1a: The least expensive prescription drugs available to you. This tier includes low-cost Generic Drugs—proven to be as safe as Brand Name Drugs—and, on some formularies, select Brand Name Drugs.

Tier 1b: This tier includes low-cost Generic Drugs—proven to be as safe as Brand Name Drugs—and, on some formularies, select Brand Name Drugs.

Tier 2: Includes preferred and lower cost Brand Name Drugs, and some higher cost Generic Drugs. If you must take a Brand Name Drug, we recommend working with your Provider to choose one that is Covered here, and the most affordable.

Tier 3: Non-preferred and expensive Brand Name Drugs, as well as higher-cost Generic Drugs. These drugs may cost you a significant amount out of pocket, so we recommend asking your Provider if a tier 1 or 2 option can be prescribed instead.

Tier 4: Includes very expensive Brand Name and Generic Drugs, and preferred Specialty Drugs used to treat complex conditions. Specialty Drugs often have high costs and may have special handling or storage requirements. They are usually dispensed by trained personnel at Specialty Pharmacies. If you need to take a Specialty Drug, we recommend working with your Provider to choose one that is Covered here.

Tier 5: Non-preferred Specialty Drugs, and the most expensive Brand Name and Generic Drugs are Covered here because they offer limited clinical value. Most have a similar lower-cost option offering the same clinical value on tiers 1 through 4. We recommend asking your Provider about alternatives.
