CAN YOU AFFORD THE COVERAGE “GAPS” IN ORIGINAL MEDICARE?

For example, in 2026, if you went to the hospital, you would need to pay a \$1,736 deductible before your coverage began. If you needed to be in the hospital for a long time, you’d pay \$434 per day for days 61–90, then \$868 each day after 90 days.

A Priority Health Medigap plan can help you avoid these costly coverage gaps.

Why choose a Medigap plan?

Medigap plans work side-by-side with Original Medicare to cover costs like copays, coinsurance and deductibles—all things Original Medicare doesn’t cover.

If you have Original Medicare, you’re covered for most hospital and medical expenses—but you may be surprised how quickly your deductibles, copays and coinsurance can add up.

Is Medigap right for you?

Medigap plans don’t include prescription drug coverage, but they do give you the flexibility to see any doctor who accepts Medicare. This type of plan might be right for you if:

- ✓ You don’t mind paying a higher monthly premium in exchange for paying less—or even nothing—when you get medical care.
- ✓ You want the freedom to use any provider that accepts Medicare, with no network to worry about.
- ✓ You already have or don’t mind having to purchase a standalone Part D prescription drug plan.
- ✓ You travel outside of Michigan for an extended period each year and want to seek routine health services when you’re away.

Coverage you need

When you select a Priority Health Medigap plan, you're choosing:

No hidden fees—no application or association fee on top of your monthly plan premium.

The **freedom** to go to any doctor or hospital that accepts Medicare.

Little to no claims paperwork.

Fitness perks through Active&Fit Direct™.

Hearing aid **coverage** plus **discounted rates** for Personal emergency response system (PERS) and vision.

A **guarantee** that your rate can only change once every 12 months.

Worldwide **emergency coverage*** and Assist America® travel assistance.

Award winning,* Michigan-based customer service.

ENJOY EASY RENEWAL

Once you enroll in a Priority Health Medigap plan, the rest is easy. Your claims are processed automatically, and we'll pay your providers directly. Your coverage will automatically renew each year as long as you pay your monthly plan premiums.

*Priority Health has been named to Newsweek's America's Best Customer Service 2025 list. Based on an independent survey of U.S. customers who have either made purchases, used services, or gathered information about products or services in the past three years.

You can purchase one of 12 standardized Medicare Supplement insurance plans sold in your state.

Out-of-pocket annual limit***						\$5,880	\$2,940					

All benefits listed are covered at 100% unless the chart indicates otherwise. The Medigap plan covers copays/coinsurance only after the deductible is met unless the plan covers it. *Plans F and G also have a high deductible option that requires first paying a plan deductible of \$2,950 (in 2026) before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible. **Plans K and L include the same basic benefits as the other Medigap plans, but the cost-sharing you pay for the basic benefits is at different levels. Once you reach the out-of-pocket annual limit, the plan pays 100% of the Medicare copays, coinsurance and deductibles for the rest of the calendar year. The out-of-pocket annual limit does not include charges from your provider that exceed Medicare-approved amounts, called "excess charges." You will be responsible for paying excess charges. ***The out-of-pocket annual limit will increase each year for inflation.

¹A benefit period begins on the first day you receive services as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row. ²NOTICE: When your Medicare Part A hospital benefits are exhausted, Priority Health stands in the place of Medicare and pays whatever amount Medicare would have paid for up to an additional 365 days. During this time, the hospital can't bill you for the balance based on any difference between its billed charges and the amount Medicare would have paid. ³The Part B deductible needs to be met only once each calendar year (January 1 – December 31). Once you have been billed \$283 of Medicare-approved amounts for covered services (which are noted with a ¹), your Part B deductible will have been met for the calendar year. ⁴Emergency visit copay waived and visit covered as a Part A expense if you are admitted to any hospital. ⁵Member pays all amounts over \$50,000.

Understanding your premium

Certain factors may affect your monthly premium. The following information and charts will help you determine your Priority Health Medigap plan premium, effective Jan. 1, 2026.

Your premium is based on:

The **county** where you live.

Your **age** at the end of the month when your plan takes effect.

Your **gender**.

Your **health status, height, weight** and whether you use **tobacco** could also affect your premium if you are not enrolling within an open enrollment or guaranteed issue period.

Premiums are divided into Preferred, Tier 1 and Tier 2 price categories. You will be charged the Preferred premium if you enroll during your open enrollment period or if you have a guaranteed issue right. Your open enrollment period is a one-time, six-month period that starts in the first month that you're covered under Medicare Part B and are 65 or older. In most cases, you have a guaranteed issue right when you have other health coverage that ends or changes in some way. This premium may also apply if you meet certain medical criteria.

You may be charged a Tier 1 or Tier 2 premium if you enroll outside of your open enrollment period and/or do not have a guaranteed issue right. These premiums are based on your age, where you live, health status and whether or not you use tobacco products.

Once enrolled, your premium is guaranteed for 12 months. You will receive one premium adjustment annually on the anniversary of your effective date.

This adjustment will include an increase based on being one year older. It will also include any potential premium changes (increase or decrease). We may change plan premiums each year, but only if we change the premium for all members in the same plan (all premium changes are subject to state approval). Your premium could also change if you move to a different county.

Important information

Medigap Eligibility

You must be:

- 65 or older at the time of enrollment*
- Enrolled in Medicare Parts A and B
- A permanent resident of the State of Michigan

For plans C and F, you must be eligible for Medicare before Jan. 1, 2020.

Eligibility for conversion rights when under 65

If you're applying for Medigap plan A or D because you've lost or are losing coverage under an individual or group policy after becoming eligible for Medicare, we consider you eligible as a conversion member. This means that if you apply for one of these plans within 180 days after losing coverage and can provide proof of having health care coverage within the last six months, you will not be denied coverage with Priority Health. Your rate will be determined by underwriting.

Replacing your current coverage

If you are replacing your current health insurance policy with a Priority Health Medigap plan, do not cancel your current insurance right away. Wait until you have received your new Medigap certificate and are sure you want to keep it.

Understand your plan

You can use this outline of coverage to compare benefits and premiums among different policies, certificates and contracts. Please keep in mind that this is only an outline of the most important features of the plans. The certificate is your insurance contract. Be sure to read the certificate itself so you understand all of the rights and duties that come with your health plan.

**If you're under age 65 and meet the eligibility requirements you may be eligible to enroll in Plans A, C or D.*
