## B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this List of Covered Drugs (*Drug List*). You can read all of the FAQ to learn more or look for a question and answer.

### B1. What drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the *Drug List* for short.)

The drugs on the *Drug List* that starts in **Section C1** are the drugs covered by **PriorityMedicare Dual Premier**. The drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

Other drugs, such as some over-the-counter (OTC) medications and certain vitamins, may be covered by Michigan Medicaid. Please visit the Michigan Medicaid website [www.michigan.gov/mdhhs/assistance-programs/medicaid](http://www.michigan.gov/mdhhs/assistance-programs/medicaid) for more information. You can also call the Michigan Medicaid Beneficiary Help Line at 1-800-642-3195 8:00 AM – 7:00 PM Monday through Friday (except holidays) or email [beneficiariesupport@michigan.gov](mailto:beneficiariesupport@michigan.gov). Please bring your Member ID

If you have questions, please call **PriorityMedicare Dual Premier** at 833.939.0983 (TTY 711). From Oct. 1–Mar. 31, we're available seven days a week from 8 a.m.–8 p.m. ET. From Apr. 1–Sept. 30, we're available Mon.–Fri. from 8 a.m.–8 p.m. and Sat. 8 a.m.–noon ET. The call is free. For more information, visit [prioritymedicare.com](http://prioritymedicare.com).

Card when getting prescriptions through Michigan Medicaid.

- **Priority**Medicare Dual Premier will cover all medically necessary drugs on the *Drug List* if:
  - Your doctor or other prescriber says you need them to get better or stay healthy
  - **Priority**Medicare Dual Premier agrees that the drug is medically necessary for you, **and**
  - You fill the prescription at a **Priority**Medicare Dual Premier network pharmacy
- In some cases, you have to do something before you can get a drug. Refer to question B4 for more information.

You can also find an up-to-date list of drugs that we cover on our website at [prioritymedicare.com](http://prioritymedicare.com) or call Customer Care at the numbers listed at the bottom of this page.

## B2. Does the *Drug List* ever change?

Yes, and **Priority**Medicare Dual Premier must follow Medicare and Michigan Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization for a drug. (Prior authorization is permission from **Priority**Medicare Dual Premier before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we'll cover another drug.)

For more information on these drug rules, refer to question B4.

If you're taking a drug that was covered at the **beginning** of the year, we'll generally not remove or change coverage of that drug **during the rest of the year** unless:

- A new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- We learn that a drug isn't safe, **or**
- A drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check **Priority**Medicare Dual Premier's up-to-date *Drug List* online at [prioritymedicare.com](http://prioritymedicare.com). Updates to the Drug List are posted on the website monthly.
- You can also call Customer Care at the numbers listed at the bottom of this page to check the current *Drug List*.

**If you have questions**, please call **Priority**Medicare Dual Premier at 833.939.0983 (TTY 711). From Oct. 1–Mar. 31, we're available seven days a week from 8 a.m.–8 p.m. ET. From Apr. 1–Sept. 30, we're available Mon.–Fri. from 8 a.m.–8 p.m. and Sat. 8 a.m.–noon ET. The call is free. **For more information**, visit [prioritymedicare.com](http://prioritymedicare.com).

### B3. What happens when there's a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new versions of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug, but the new drug will appear on the same or lower cost-sharing tier with the same or fewer restrictions. When we add a new version of a drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
  - We may not tell you before we make this change, but we'll send you information about the specific change we made once it happens.
  - We can make these changes only if the drug we're adding:
    - Is a new generic version of a brand name drug, or
    - Is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription.)
    - Some of these drug types may be new to you. For more information, refer to **Section B14**.
  - You or your provider can ask for an exception from these changes. We'll send you a notice with the steps you can take to ask for an exception. Please refer to questions B10-B12 for more information on exceptions.
- **Remove unsafe drugs and other drugs that are taken off the market.** Sometimes a drug may be found unsafe or taken off the market for another reason. If this happens, we may immediately take it off the *Drug List*. If you're taking the drug, we'll send you a notice after we make the change. You should contact your prescriber to help you decide if there's a similar drug on the *Drug List* you can take instead.

**We may make other changes that affect the drugs you take.** We'll tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that isn't new to the market, **or**
- We remove an original biological product when adding a biosimilar, **or**
- We change the coverage rules or limits for the brand name drug.

When these changes happen, we'll:

- Tell you at least 30 days before we make the change to the *Drug List* **or**
- Let you know and give you a 30-day supply of the drug after you ask for a refill.

---

**If you have questions**, please call **PriorityMedicare Dual Premier** at 833.939.0983 (TTY 711). From Oct. 1–Mar. 31, we're available seven days a week from 8 a.m.–8 p.m. ET. From Apr. 1–Sept. 30, we're available Mon.–Fri. from 8 a.m.–8 p.m. and Sat. 8 a.m.–noon ET. The call is free. **For more information**, visit [prioritymedicare.com](http://prioritymedicare.com).

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- If there's a similar drug on the *Drug List* you can take instead **or**
- Whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10-B12.

#### **B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?**

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases, you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior Authorization:** For some drugs, you or your doctor or other prescriber must get authorization from **PriorityMedicare Dual Premier** before you fill your prescription. Prior authorization is different from a referral. **PriorityMedicare Dual Premier** may not cover the drug if you don't get prior authorization.
- **Quantity Limits:** Sometimes **PriorityMedicare Dual Premier** limits the amount of a drug you can get.
- **Step Therapy:** Sometimes **PriorityMedicare Dual Premier** requires you to do step therapy. This means you'll have to try drugs in a certain order for your medical condition. You might have to try one drug before we'll cover another drug. If your prescriber thinks the first drug doesn't work for you, then we'll cover the second.

You can find out if your drug has any additional requirements or limits by looking in the tables in **Section C1**. You can also get more information by visiting our website at [prioritymedicare.com](http://prioritymedicare.com). We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy.

**You can ask for an exception from these limits.** This will give you time to talk to your doctor or other prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Refer to questions B10-B12 for more information about exceptions.

#### **B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?**

The table in the section titled List of Drugs by Medical Condition has a column labeled "Necessary actions, restrictions, or limits on use."

---

**If you have questions**, please call **PriorityMedicare Dual Premier** at 833.939.0983 (TTY 711). From Oct. 1–Mar. 31, we're available seven days a week from 8 a.m.–8 p.m. ET. From Apr. 1–Sept. 30, we're available Mon.–Fri. from 8 a.m.–8 p.m. and Sat. 8 a.m.–noon ET. The call is free. **For more information**, visit [prioritymedicare.com](http://prioritymedicare.com).

## **B6. What happens if PriorityMedicare Dual Premier changes their rules about how they cover some drugs (for example, prior authorization, quantity limits, and/or step therapy restrictions)?**

In some cases, we'll tell you in advance if we add or change prior authorization, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

## **B7. How can I find a drug on the *Drug List*?**

There are two ways to find a drug:

- You can search alphabetically, **or**
- You can search by medical condition.

To search **alphabetically**, look for your drug in the Index of Covered Drugs section. You can find it on the page following the List of Drugs. The Index of Covered Drugs is an alphabetical list of all the drugs included in the *Drug List*. Brand name drugs and generic drugs as well as over-the-counter (OTC) drugs are listed in the index.

To search by medical condition, find **Section C1** labeled "List of Drug by Medical Condition." The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the "Cardiovascular Agents" category. That's where you'll find drugs that treat heart conditions.

## **B8. What if the drug I want to take isn't on the *Drug List*?**

If you don't find your drug on the *Drug List*, call Customer Care at the numbers listed at the bottom of this page and ask about it. If you learn that PriorityMedicare Dual Premier won't cover the drug, you can do one these things:

- Ask Customer Care for a list of drugs like the one you want to take. Then show that list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- Ask PriorityMedicare Dual Premier to make an exception to cover your drug. Refer to questions B10-B12 for more information about exceptions.

## **B9. What If I'm a new PriorityMedicare Dual Premier member and can't find my drug on the *Drug List* or have a problem getting my drug?**

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you're a member of PriorityMedicare Dual Premier. This will give you time to talk to your doctor or other

---

**If you have questions**, please call PriorityMedicare Dual Premier at 833.939.0983 (TTY 711). From Oct. 1–Mar. 31, we're available seven days a week from 8 a.m.–8 p.m. ET. From Apr. 1–Sept. 30, we're available Mon.–Fri. from 8 a.m.–8 p.m. and Sat. 8 a.m.–noon ET. The call is free. **For more information**, visit [prioritymedicare.com](http://prioritymedicare.com).

prescriber. They can help you decide if there's a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we'll allow multiple refills to provide up to a maximum of 30 days of medication.

We'll cover a 30-day supply of your drug if:

- You're taking a drug that is not on our *Drug List*, **or**
- Our plan rules don't let you get the amount ordered by your prescriber, **or**
- The drug requires prior authorization by **PriorityMedicare Dual Premier**, **or**
- You're taking a drug that's part of a step therapy restriction.

If you're in a nursing home or other long-term care facility and need a drug that isn't on the *Drug List* or if you can't easily get the drug you need, we can help. If you've been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We'll cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you're a new **PriorityMedicare Dual Premier** member.
- This is in addition to the temporary supply during the first 90 days you're a member of **PriorityMedicare Dual Premier**.

**PriorityMedicare Dual Premier** provides members experiencing a level of care change with a transition supply of at least 30 days of medication unless the prescription is written for fewer days.

## B10. Can I ask for an exception to cover my drug?

Yes. You can ask **PriorityMedicare Dual Premier** to make an exception to cover a drug that isn't on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, **PriorityMedicare Dual Premier** may limit the amount of a drug we'll cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or prior authorization requirements.

## B11. How can I ask for an exception?

To ask for an exception, call Customer Care. A Customer Care representative will work with you and your prescriber to help you ask for an exception. You can also read **Chapter 9 Section G2** of the

**If you have questions**, please call **PriorityMedicare Dual Premier** at 833.939.0983 (TTY 711). From Oct. 1–Mar. 31, we're available seven days a week from 8 a.m.–8 p.m. ET. From Apr. 1–Sept. 30, we're available Mon.–Fri. from 8 a.m.–8 p.m. and Sat. 8 a.m.–noon ET. The call is free. **For more information**, visit [prioritymedicare.com](http://prioritymedicare.com).

*Member Handbook* to learn more about exceptions.

## **B12. How long does it take to get an exception?**

After we get a statement from your prescriber supporting your request for an exception, we'll give you a decision within 72 hours. Your prescriber can call us with their supporting statement at the numbers listed at the bottom of this page, they can fax their statement to 877.974.4411, or they can mail it to: Priority Health Medicare, MS 1260, 1231 East Beltline Ave, NE Grand Rapids, MI 49525.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we'll give you a decision within 24 hours of getting your prescriber's supporting statement.

## **B13. What are generic drugs?**

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than brand name drugs and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription – depending on state laws.

**PriorityMedicare Dual Premier** covers both brand name drugs and generic drugs.

## **B14. What are original biological products and how are they related to biosimilars?**

When we refer to drugs, this could mean a drug or biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to **Chapter 5** of the *Member Handbook*.

## **B15. What are OTC drugs?**

OTC stands for “over-the-counter.” **PriorityMedicare Dual Premier** covers some OTC drugs when they’re written as prescriptions by your provider.

You can read the **PriorityMedicare Dual Premier Drug List** to find out what OTC drugs are covered.

---

**If you have questions**, please call **PriorityMedicare Dual Premier** at 833.939.0983 (TTY 711). From Oct. 1–Mar. 31, we’re available seven days a week from 8 a.m.–8 p.m. ET. From Apr. 1–Sept. 30, we’re available Mon.–Fri. from 8 a.m.–8 p.m. and Sat. 8 a.m.–noon ET. The call is free. **For more information**, visit [prioritymedicare.com](http://prioritymedicare.com).

## **B16. Does PriorityMedicare Dual Premier cover long-term supplies of prescriptions?**

- **Mail Order Programs.** We offer a mail-order program that allows you to get up to a three-month supply of your drugs sent directly to your home. A three-month supply has the same cost-share as a one-month supply.
- **90-Day Retail Pharmacy Programs.** Some retail pharmacies may also offer up to a three-month supply of covered drugs. A three-month supply has the same cost-share as a one-month supply.

## **B17. What's my cost-share?**

PriorityMedicare Dual Premier members have \$0 copays or 25% coinsurance (after deductible) for prescription drugs depending on the tier the drug is in and \$0 copay for Medicaid-covered OTC drugs as long as the member follows the plan's rules. Refer to questions B14 and B15 for more information about OTC drugs.

Tiers are groups of drugs on our *Drug List*.

- Tier 1 Preferred generic drugs have \$0 copay.
- Tier 2 Generic drugs have \$0 copay.
- Tier 3 Preferred brand drugs have 25% coinsurance after the \$615 deductible is met.
- Tier 4 Non-preferred drugs have 25% coinsurance after the \$615 deductible is met.
- Tier 5 Specialty drugs have 25% coinsurance after the \$615 deductible is met.
- Medicaid-covered drugs and OTCs have \$0 copay.

If you have questions, call Customer Care at the numbers listed at the bottom of this page.

## C. Overview of the *List of Covered Drugs*

The *List of Covered Drugs* gives you information about the drugs covered by PriorityMedicare Dual Premier. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in **Section D**. The index alphabetically lists all drugs covered by PriorityMedicare Dual Premier.

**Note:** The abbreviation MC in the Necessary actions, restrictions, or limits on use column next to a drug means the drug isn't a "Part D drug." These drugs have different rules for appeals.

- An appeal is a formal way of asking us to review a decision we made about your coverage and to change it if you think we made a mistake.
- For example, we might decide that a drug you want isn't covered or is no longer covered by Medicare or Michigan Medicaid.
- If you or your prescriber disagrees with our decision, you can appeal. If you ever have a question, call Customer Care at the numbers listed at the bottom of this page.
- You can also read **Chapter 9** of the *Member Handbook* to learn how to appeal a decision.

### C1. List of Drugs by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they're used to treat. For example, if you have a heart condition, you should look in the category, "Cardiovascular Agents." That's where you'll find drugs that treat heart conditions.

The first column of the table lists the name of the drug. Generic drugs are listed in lower-case italics (for example, *atorvastatin*), brand name drugs are capitalized (for example, *ELIQUIS*), and OTC drugs are listed in lower case (for example, *docusate sodium*). The information in the "Necessary actions, restrictions, or limits on use" column tells you if PriorityMedicare Dual Premier has any rules for covering your drug.

Here are the meanings of the codes used in the "Necessary actions, restrictions, or limits on use" column:

**B/D: Part B vs. Part D.** This drug requires prior authorization and may be covered differently under Medicare Part B (medical services) or D (prescription drug coverage) depending upon your circumstances. Information may need to be submitted by your doctor describing the use and setting of the drug to make the determination.

**EA:** Each

**GM:** Grams

**HI: Home Infusion.** This prescription drug may be covered under our medical benefit. For more
