

Network Solutions Decision Guide

Use this guide to decide which network option is best for you and your employees.

TIERED NETWORKS

Organizes providers into tiers based on cost and quality, encouraging use of Tier 1 while maintaining access to the full network.

SAVE UP TO **11%** ON PREMIUMS COMPARED TO TRADITIONAL PLANS¹

NARROW NETWORKS

Limits choice of providers and facilities in exchange for lower premiums.

IDEAL FOR EMPLOYEES WHO LIVE NEAR SPECIFIC PROVIDERS AND FACILITIES

40% OF EMPLOYEES ARE ENROLLED IN A NARROW NETWORK WHEN GIVEN THE OPTION²

HIGH PERFORMANCE NETWORKS

Is a type of narrow network that only includes providers and facilities who deliver the highest quality care at a lower cost.

USES QUALITY DATA TO IDENTIFY PROVIDERS AND FACILITIES IN THE NETWORK

29% OF LARGE EMPLOYERS ARE IMPLEMENTING A HIGH PERFORMANCE NETWORK³

CENTERS OF EXCELLENCE (COE)

Includes providers and facilities that deliver the highest quality care for complex procedures and conditions.

GUIDES EMPLOYEES TO THE HIGHEST PERFORMING PROVIDERS AND FACILITIES

CAN REDUCE LONG-TERM COSTS BY IMPROVING HEALTH OUTCOMES

9/10 EMPLOYERS BELIEVE IT IMPROVES THEIR EMPLOYEES CARE⁴
