MEDICARE ADVANTAGE PLANS
FALL 2026

Priority Health™

We know you have choices when it comes to health plans. That’s why we’re committed — year after year — to prioritizing you and your healthcare needs.

Our Fall 2026 Medicare Health Journal is full of useful information and practical tips to help you make the most of your Medicare coverage.

If you ever have questions, or just want to better understand your benefits, our award-winning[1] Customer Care team is here for you.

Call us at 888.389.6648 (TTY 711).
Oct. 1–Mar. 31: seven days a week, 8 a.m.–8 p.m. ET
Apr. 1–Sept. 30: Monday–Friday, 8 a.m.–8 p.m. and Saturday 8 a.m.–noon ET.

Take a closer look

AT YOUR VISION, HEARING AND DENTAL BENEFITS

Make sure you're taking advantage of all your health coverage has to offer by staying up-to-date on vision, hearing and dental appointments. Here's the easiest way to find in-network care near you:

EyeMed

You must see an EyeMed® "Select" provider for your routine vision services. Thankfully, as a Priority Health member, you have access to thousands of independent providers as well as national retailers such as LensCrafters, Pearle Vision and Target Optical.

You'll need to show your Priority Health member ID card when using your vision benefits, and the EyeMed "Select" provider will file your claim. You'll only have to pay the cost of any services or eyewear that exceeds your plan's benefit.

To find an EyeMed "Select" provider near you, call 844.366.5127 (TTY 711), Monday-Friday from 8 a.m. to 8 p.m. Or search **here**.

TruHearing

To find an in-network TruHearing® provider and schedule an appointment, call **833.714.5355** (TTY 711), Monday-Friday from 8 a.m. to 8 p.m.

All appointments must be made through TruHearing directly.

Delta Dental

To find an in-network Delta Dental® provider, visit ***deltadentalmi.com*** or call **800.330.2732** (TTY 711).

Looking for even more from your vision and dental coverage?

Interested members have up to 60 days from the start of their plan to add Enhanced Dental and Vision coverage. In 2027, there are two levels available, costing an additional $42 or $61 per month.

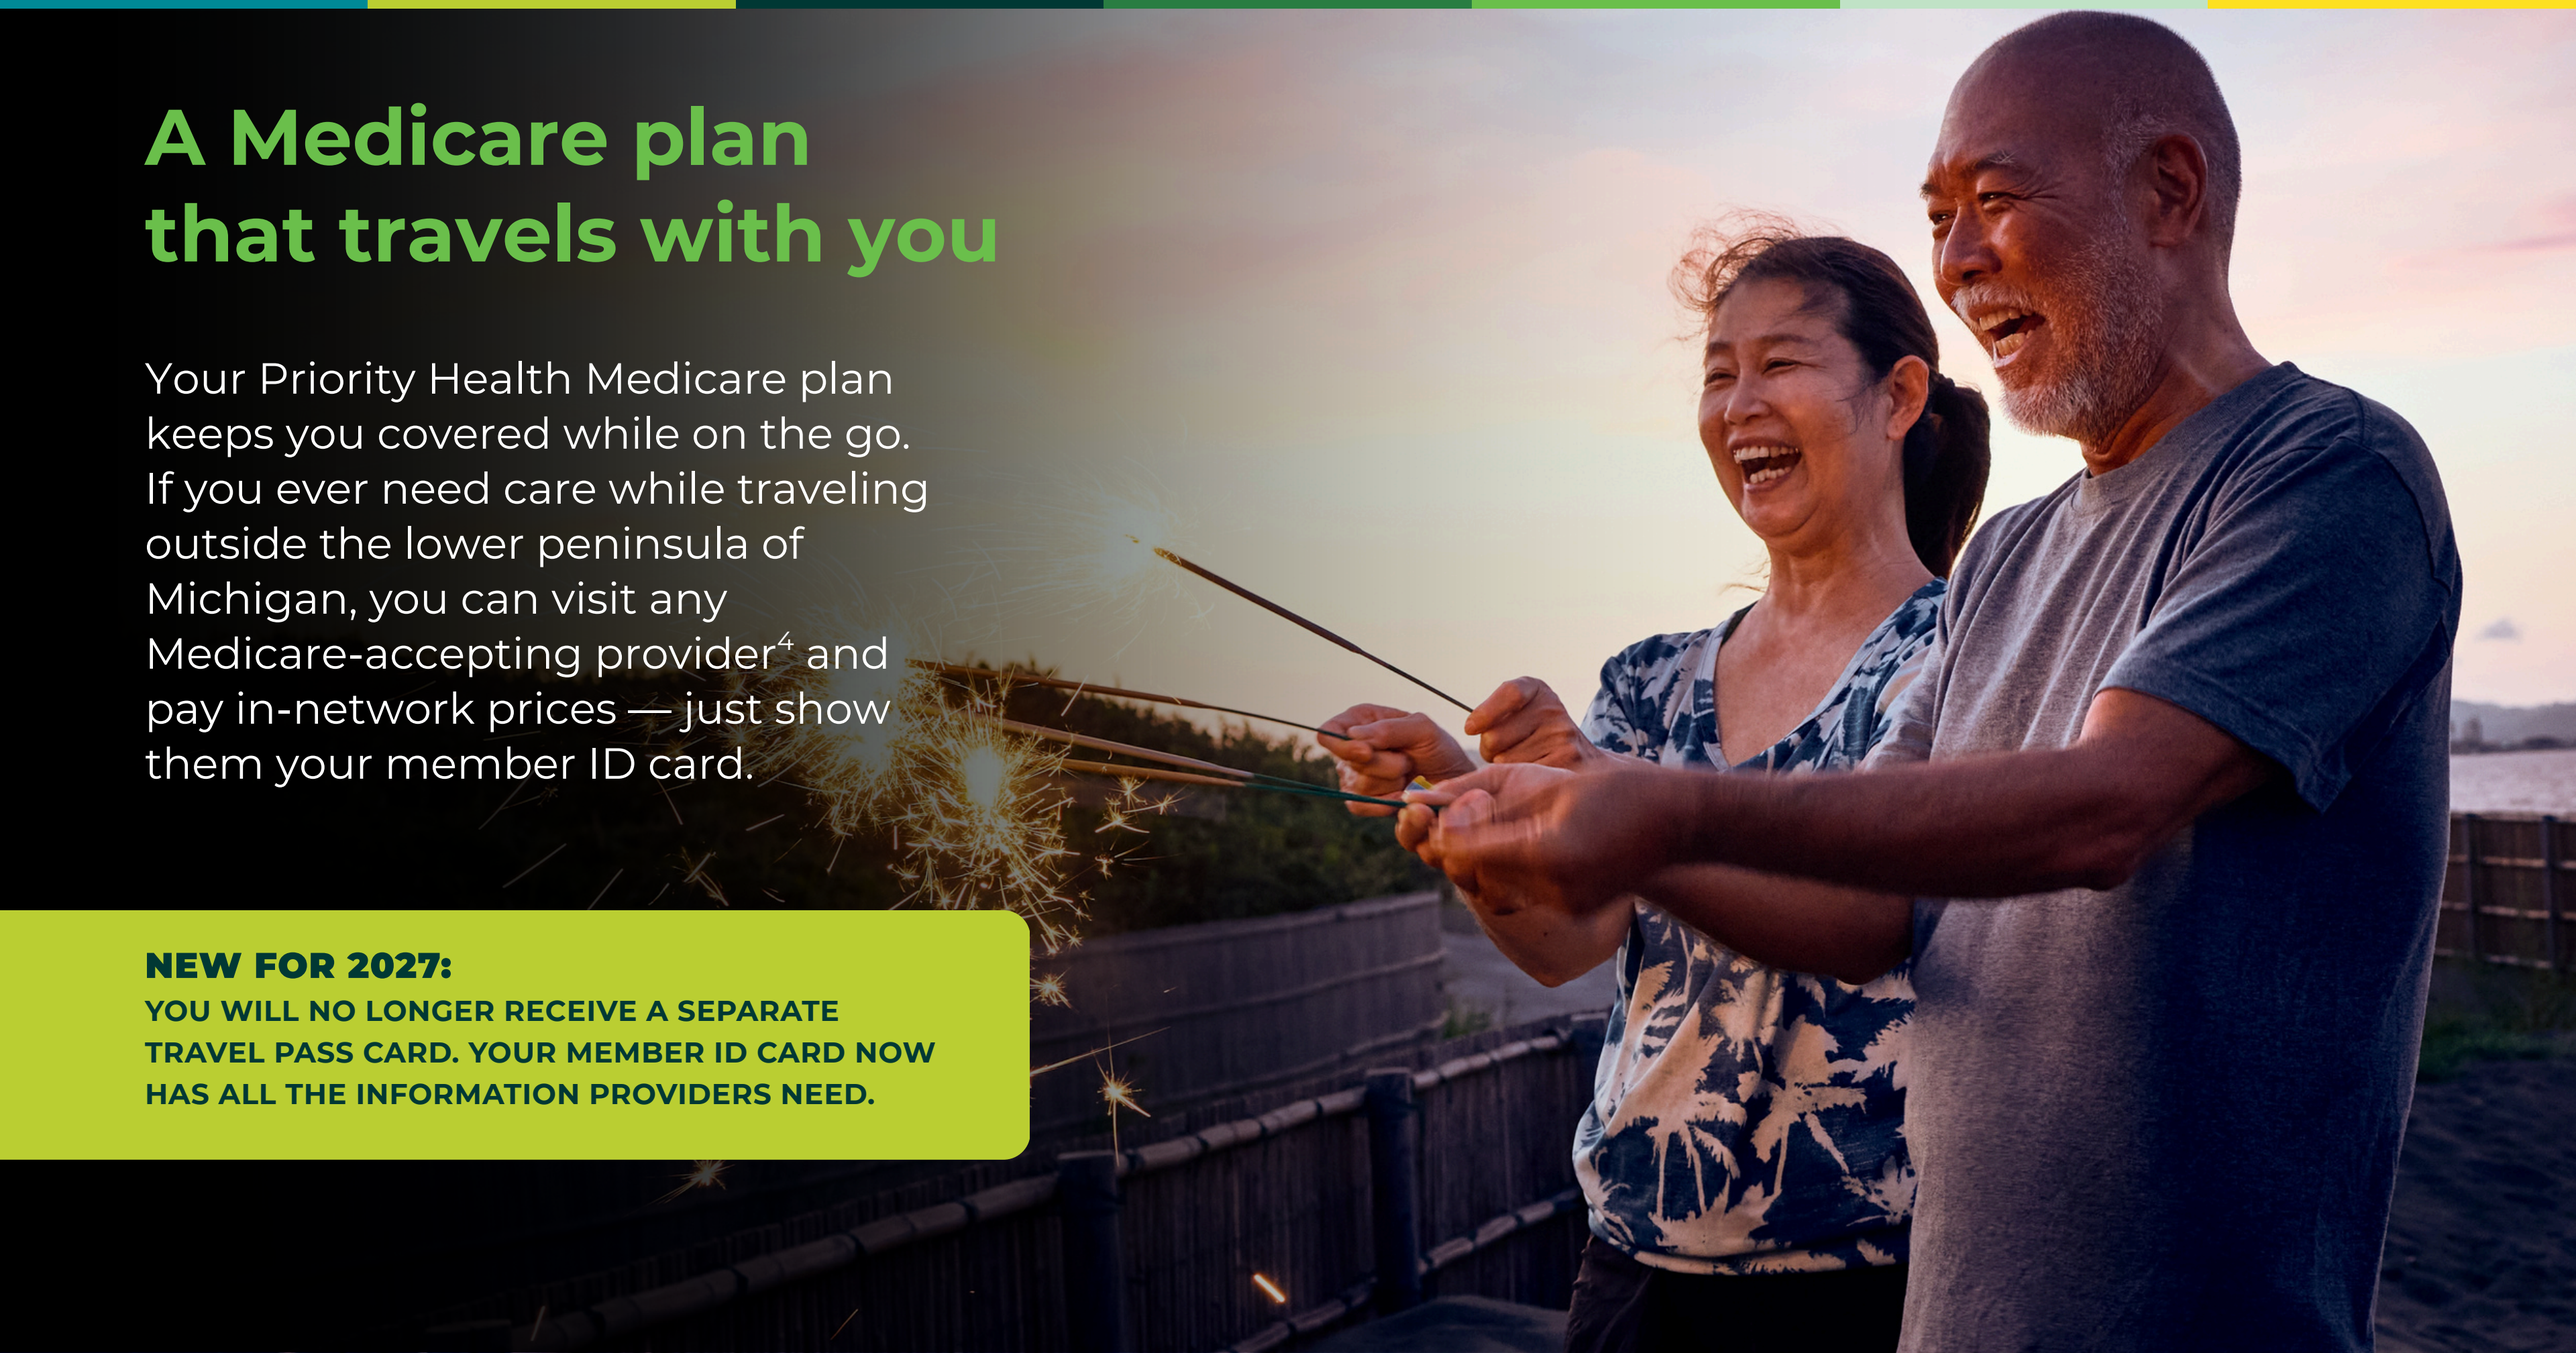

Learn more about your 2027 options at *priorityhealth.com/enhanceddv*.

Tip: Your vision, hearing and dental coverage may have changed since last year. You can find the details of your current plan **here**.

A Medicare plan that travels with you

Your Priority Health Medicare plan keeps you covered while on the go. If you ever need care while traveling outside the lower peninsula of Michigan, you can visit any Medicare-accepting provider[4] and pay in-network prices — just show them your member ID card.

NEW FOR 2027:

YOU WILL NO LONGER RECEIVE A SEPARATE TRAVEL PASS CARD. YOUR MEMBER ID CARD NOW HAS ALL THE INFORMATION PROVIDERS NEED.

This or that: ER, urgent care or primary care

Your primary care provider (PCP) is typically your first point of contact for health questions or concerns. But sometimes seeing your PCP isn't an option, due to scheduling or the urgency of your issue. **This list shows you the best treatment option for several common conditions:**

Broken bone with bone showing — ER	Preventive screenings — PCP	Severe chest pain — ER
Earache — UC, PCP	Rash — UC, PCP	Sore throat — UC, PCP
Minor cut that needs a few stitches — UC	Routine bloodwork — PCP	Sudden confusion or weakness — ER
Persistent cough for weeks — PCP	Severe burn — ER	

ER — Emergency room
UC — Urgent care
PCP — Primary care physician

Tip: With your Priority Health Medicare plan, **all in-network PCP visits and virtual care visits cost $0**. Your plan also includes worldwide urgent care and ER visit coverage. Visit ***prioritythealth.com/mapdplanfeatures*** for details.

The Find a Provider tool in your member account can help you find an in-network PCP, an ER or an urgent care location near you.

Quick tip: 5 ways to get a faster appointment

TIP #1:
Schedule your preventive visits early

TIP #2:
Ask about virtual care options

TIP #3:
Ask to be added to a cancellation list

TIP #4:
Consider another provider within the same practice, as your care can be shared between providers in the same practice

TIP #5:
Contact our award-winning[1] Customer Care team for help finding available providers

Stomp out seasonal blues

With limited daylight and weather that can keep you stuck indoors, the end of the year can sometimes leave people feeling isolated. If you experience a change in mood or energy when the days turn colder, here are three simple things to try:

Stay connected to friends, family or other community
Social interaction is a powerful tool to fight feelings of loneliness. Call, text or use video calls to keep in touch on days you can't get out.

Keep moving
Physical activity is proven to boost your mood. Even walking indoors or stretching at home can be enough to release feel-good endorphins.

Ask for support if feelings of stress, worry or sadness are ongoing
Talk to loved ones, try meditating or journaling, or seek professional support if your feelings start to be more than you can handle on your own.

You can also try Teladoc Health® Mental Health, a free, online mental health resource found in your member portal. It comes with self-guided activities and tools, mindfulness techniques and 1-1 coaching options.

Learn more at ***member.teladoc.com/signin***.

You've got mail.

Taking your medication as prescribed is an important part of maintaining your health. And having that medication delivered to you by mail is an easy and convenient way to make sure you stay on track.

Your Priority Health Medicare plan gives you two preferred mail-order options: Express Scripts and Amazon. Here's what to do:

- Ask your provider for a new, 100-day prescription fill for Express Scripts or Amazon.

- Sign up for:
  - Express Scripts home delivery at ***express-scripts.com/register*** or by calling **888.378.2589**. Be sure to ask for a 100-day supply when ordering.
  - Amazon home delivery at ***pharmacy.amazon.com*** or by calling **888.280.4331**. Be sure to ask for a 100-day supply when ordering.

And don't forget, you pay $0 for a 100-day fill of Tier 1 and Tier 2 drugs.

Tip: Dec. 31, 2026, is the deadline to document your activities, so don't miss out.

Turn your flu shot into $$

Did you know Priority Health rewards members who prioritize their health? By completing these health-focused activities — including getting your flu shot or your Annual Wellness Visit — and documenting them at ***priorityhealth.com/rewards*** you can earn rewards to spend[5] at participating stores. And don't forget, preventive care like this costs you $0 with your Priority Health Medicare plan.

WHAT?	REWARD
Annual physical or Annual Wellness Visit	$25
Bone density screening[6]	$25
Breast cancer screening	$25
Diabetic retinal eye exam[7]	$40
Flu shot	$10

Visit ***priorityhealth.com/mapdrewards*** to learn more.

Priority Health™

Coverage that prioritizes You

[1]Priority Health was named to the America's Best Customer Service in Financial Services list by USA TODAY for 2026, and to Newsweek's America's Best Customer Service list for 2025 and 2024.
[2]If received by a non-EyeMed "Select" provider (out-of-network), you must seek reimbursement from EyeMed. In-network and out-of-network benefit cannot be combined. See your Evidence of Coverage document for reimbursement amounts.
[3]For detailed information on your dental services, please refer to your Evidence of Coverage.
[4]Out-of-network/noncontracted providers are under no obligation to treat Priority Health Medicare members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.
[5]Rewards cannot be used to purchase alcohol, firearms, lottery tickets or tobacco.
[6]Only for members with a diabetes diagnosis
[7]Only for female members ages 65-85
