

Seeing key provider info in **Find a Doctor**

priorityhealth.com/findadoc

Find a Doctor users can no longer see whether a provider is accepting new patients and the tier information for health care plans when searching with “all plans” selected. However, this information is still available when a specific plan is selected. Follow the steps below to access this information.

Selecting a plan

- Navigate to the top right corner of the Find a Doctor tool.
- Click on the **Plan** drop-down menu.
- Select the specific plan you wish to view.

Viewing tier information

- Once a plan is selected, you can view the tier information under the **Locations** section.
- Click on the hyperlinked location name for more details.
- The tier information will be displayed in the summary section.

Identifying if a doctor is accepting new patients

- After selecting a plan, search for your doctor using the search bar.
- The doctor’s profile will indicate whether they are accepting new patients within the selected plan.

See the screenshots on the following page for visual demonstrations of the above.
