

National care, national coverage

For members on our PPO plan, the choice is yours.

- 1** | Whether you live in Michigan or anywhere in the U.S., you can continue seeing any Priority Health Medicare provider or doctor who participates with Original Medicare. Your access to these providers will not change.
- 2** | In addition to your out-of-area coverage, you have access to more providers through Multiplan® Medicare Advantage providers

How to get care with your national coverage

Get care anywhere in the U.S. for the same cost when you see any provider that participates in Original Medicare.

Know before you go. Call your provider before your visit and let them know Priority Health covers services received outside of Michigan. We can also call your provider before your visit to discuss your benefits and answer any questions they may have.

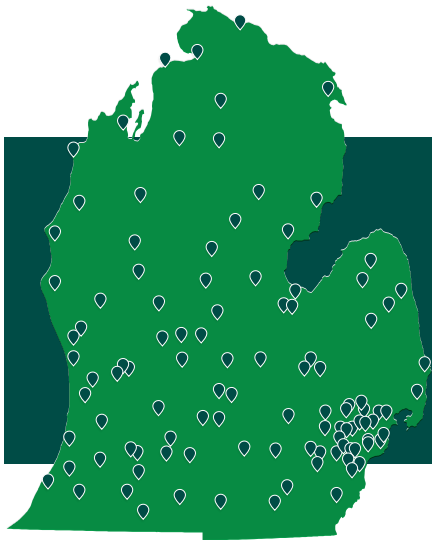

When seeking care outside of Michigan, always carry your Priority Health member ID card. Your member ID card will have the MultiPlan logo on the back. This will let providers know that you have access to their Medicare Advantage network.

Ask your provider to bill Priority Health for your service. After your visit, your provider should bill us for the services you received. If you choose to see a MultiPlan Medicare Advantage provider, they will bill Priority Health for you.

To access this benefit, no action is required. Search for additional providers in the MultiPlan network at multiplan.us and then select **Find a provider to access care anywhere outside of Michigan.**

For both PPO and HMO members

Our network includes:

- ✓ **9 out of 10** primary care providers¹
- ✓ **All major** health systems in Lower Peninsula of Michigan²

66,000 PHARMACIES IN OUR NATIONWIDE NETWORK

including popular retailers like Meijer, Walmart and more!
