

OPriority Health

A Solution Built on Expertise and Outcomes.

Quality, cost-effective health care remains a top priority for many employers. Finding a solution that delivers it with flexibility, affordability, and service can often be challenging.

Recognizing this, HMA and Priority Health have collaborated to offer a TPA solution that provides self-funded employers with the flexibility, industry expertise, and Priority Health's nationwide network access they need to design health plans that achieve healthier outcomes at the best possible value.

The TPA solution is best for Michigan-based employers looking for maximum flexibility in program design, vendor partners, custom benefits, medical and Rx management.
