IMPORTANT UPDATES FOR OUR PROVIDER NETWORK

Dec. 4, 2025 | Issue #3.24

We're extending telehealth flexibilities for our Medicare Advantage plans through Jan. 31, 2026

[Priority Health news](#)

Congress recently extended the Original Medicare telehealth flexibilities through Jan. 31, 2026. Following CMS's guidance, we'll also extend those flexibilities for our Medicare Advantage (MA) plans through Jan. 31, 2026, for services provided by in-network providers. | [Read More](#)

TurningPoint's annual provider survey is open for responses

[Authorizations news](#)

TurningPoint, which manages cardiac and MSK authorizations on our members' behalf, is inviting our providers to participate in the Annual TurningPoint Provider Survey. | [Read More](#)

2025 PIP 11H & 11G reports will soon be delivered weekly

[Incentive programs news](#)

To help you address open gaps in care and maximize PIP / HEDIS scores as we approach the end of the 2025 performance year, you'll soon begin receiving the following reports in Filemart weekly. | [Read More](#)

2026 provider webinars are now open for registration

Our 2026 provider webinars are scheduled and open for registration. These dates and recordings of past webinars can be found on the [provider webinars page](#) in our provider manual. | [Read More](#)

Formulary updates

[Pharmacy news](#)

Dalvance® to be removed from coverage in place of generic, Dalbavancin, beginning Feb. 4 2026

Effective Feb. 4, 2026 Dalvance® will be removed from medical drug coverage for commercial group and individual members in place of its generic, Dalbavancin. Dalbavancin has been added to medical drug coverage with prior authorization and site of service requirements for commercial group and individual members. | [Read More](#)

OxyContin® to be removed from formulary Jan. 1, 2026

Effective Jan. 1, 2026, OxyContin® will be removed from coverage under the pharmacy benefit for commercial group and individual members. The generic for OxyContin, Oxycodone Extended Release (ER), remains

on our commercial group and individual formulary at Tier 2. | [Read More](#)

Steqeyma®, Starjemza™ added to coverage to ensure accessibility of Stelara® biosimilars

Effective immediately, **Steqeyma®** and **Starjemza™** are covered under the pharmacy benefit at Tier 4 with prior authorization requirements and under the medical drug benefit, with prior authorization and site of service requirements. | [Read More](#)

Access Priority Health's Medicaid Provider Manual

[Priority Health news](#)

In addition to our digital [Provider Manual](#), we also have a separate Medicaid Provider Manual in PDF form. You can access it online [here](#). | [Read More](#)
