

# Virtual care

See a provider 24/7, including weekends and holidays.

If you are unable to meet with your provider or therapist virtually, your My**Priority** plan gives you options. Our virtual care services can connect you with a licensed provider or therapist to receive a diagnosis and treatment plan, including prescription medications. Following your visit, the virtual care provider can send an after-visit summary to your primary care physician.

## When should I use virtual care?

Virtual care is perfect for treating non-emergency issues such as:

- Allergies, bites and stings
- Diarrhea, nausea and vomiting
- Fever, headache and sore throat
- Addiction, anxiety and depression
- Cold, cough and flu
- And more

## How do I get started?

Log into your member account at [member.priorityhealth.com](https://member.priorityhealth.com) or in the Priority Health app. Under the **Find care** menu, click on **Find virtual care**. Then click on the appropriate **Get started** button.

### Prescribed a medication?

It'll be sent to your preferred pharmacy.
