Cost Estimator

Helping you know your costs and control out-of-pocket spending.

Did you know that the price of a procedure varies depending on where it's performed? Cost Estimator, is a tool that shows you an estimate of what in-network providers might charge for common medical services—so you can save money.

With Cost Estimator, you don't have to brace yourself for the bill. You can financially prepare for hundreds of services, whether you need to schedule a doctor's visit, get an MRI or plan for surgery.

Using Cost Estimator is as easy as 1, 2, 3.

1 Scan the QR code with your phone's camera to log in or sign up for a Priority Health member account to easily access Cost Estimator. Once logged in, click **Estimate procedure cost** under "Costs & spending" and you will be directed to the tool.

2 Search for estimates by procedure name, single billing code, or a provider name. Then, select a location or provider and compare costs for medical services.

3 Choose a location or provider and get a personalized out-of-pocket estimate of how much you'll pay based on your plan benefits and deductible amount.

Budget with you and your family in mind. Cost Estimator is simple, free to use and available in your member account or the Priority Health app.

The Cost Estimator tool is not available to members with a Medicaid plan or Medicare plan.

What is Cost Estimator?
And other frequently asked questions

COST ESTIMATES

What is Cost Estimator?
Cost Estimator is a free tool that factors in the provider and location, as well as your plan's deductible, out-of-pocket maximum and any applicable copay and/or coinsurance to give you an estimate of your personalized member cost share.

Priority Health has partnered with Valenz Bluebook as a vendor for its price transparency tools. Valenz Bluebook is a healthcare company that helps users find quality healthcare providers, providing price transparency and offering savings through comparison shopping.

What is the "Fair price?"
The Fair Price™ is the amount you should reasonably expect to pay for a service or procedure and is based on the actual amount paid on the claim, not the billed amount. Eligible members can earn rewards on select procedures by using Fair Price™ (green) facilities.

How do I find a "Fair Price?"
Color-coded cost symbols denote cost rankings for facilities to help you easily identify where a facility falls in comparison to the Fair Price. Providers are listed in order of lowest price to highest price.

Green circle = at or below the Fair Price
Yellow square = slightly above the Fair Price
Red octagon/stop sign = significantly above the Fair Price

Is my health information kept private?
Our external vendor, Valenz Bluebook, does not share information about individual members. All healthcare information is kept confidential.
